You know Comcast Business has faster Internet, but our solutions go beyond fast with so much more. See how our full suite of solutions can make a difference for your store.

Comcast Business Internet Solutions

Deliver unrelenting speed to your retail store, with automatic 4G LTE backup for complete reliability and advanced WiFi to keep shoppers connected.

Engage Customers with WiFi Pro

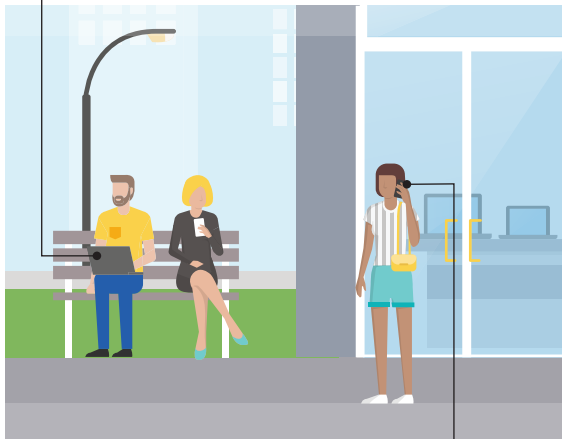

Promote your offers when customers log on to your WiFi. Let customers connect to social media and the internet for free while they shop. Separate customer and employee WiFi connections let you maintain upload/download speeds and data security.

Improve Productivity with Fast and Reliable Internet on the Gig-Speed Network

Get fast, secure and reliable internet access for processing payments, tracking and ordering inventory, and automating processes. Enable point-of-sale systems for quicker check-outs. Improve your presence with social media marketing and an appealing website.

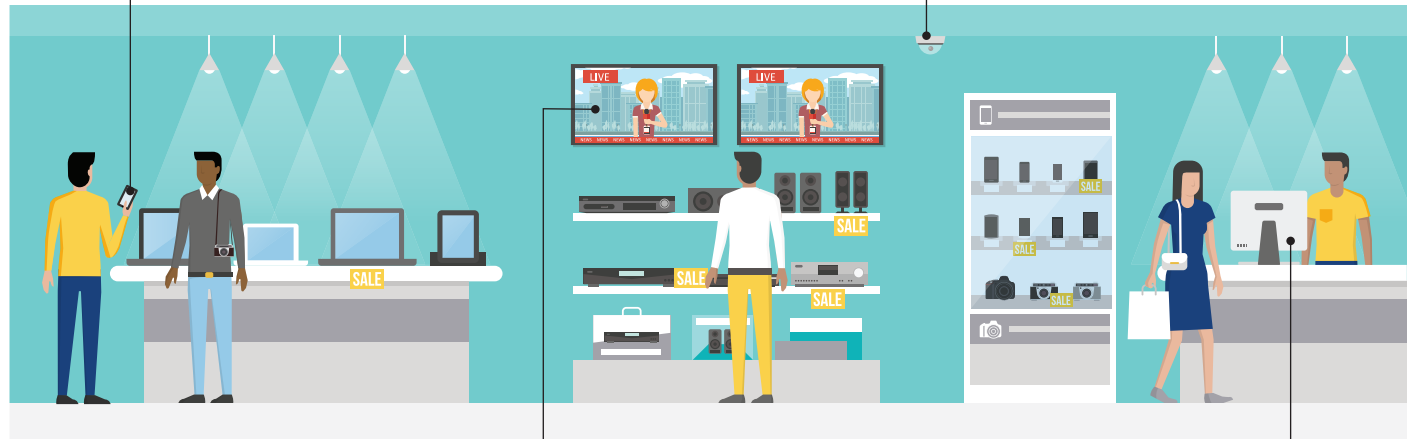

Ensure Peace of Mind with Comcast Business SmartOffice™

Keep an eye on your valuable inventory, equipment, property and customers from anywhere on any device, with an advanced video monitoring solution.

Be Anywhere with Comcast Business Voice Solutions

Stay connected to customers, staff and vendors with your business number, even when you're away from the store. Advanced features let you create a customized greeting and easily route incoming calls.

Entertain Shoppers with Comcast Business TV

Enhance your in-store experience by offering live TV to customers while they shop. Stay up-to-date on local news and weather. Find the right programming easier than ever with X1 for Business. View live TV on any screen — mobile, tablet or desktop — with Xfinity Stream from Comcast Business.

Stay Connected with Connection Pro

Run essential shop functions in the event of a power outage or unforeseen circumstances with automatic 4G LTE wireless backup.
