BEYOND FAST

Comcast Business Internet Solutions

Deliver unrelenting speed to your bar or restaurant, with automatic 4G LTE backup for complete reliability and advanced WiFi to keep patrons connected.

Improve Productivity with Fast and Reliable Internet on the Gig-Speed Network

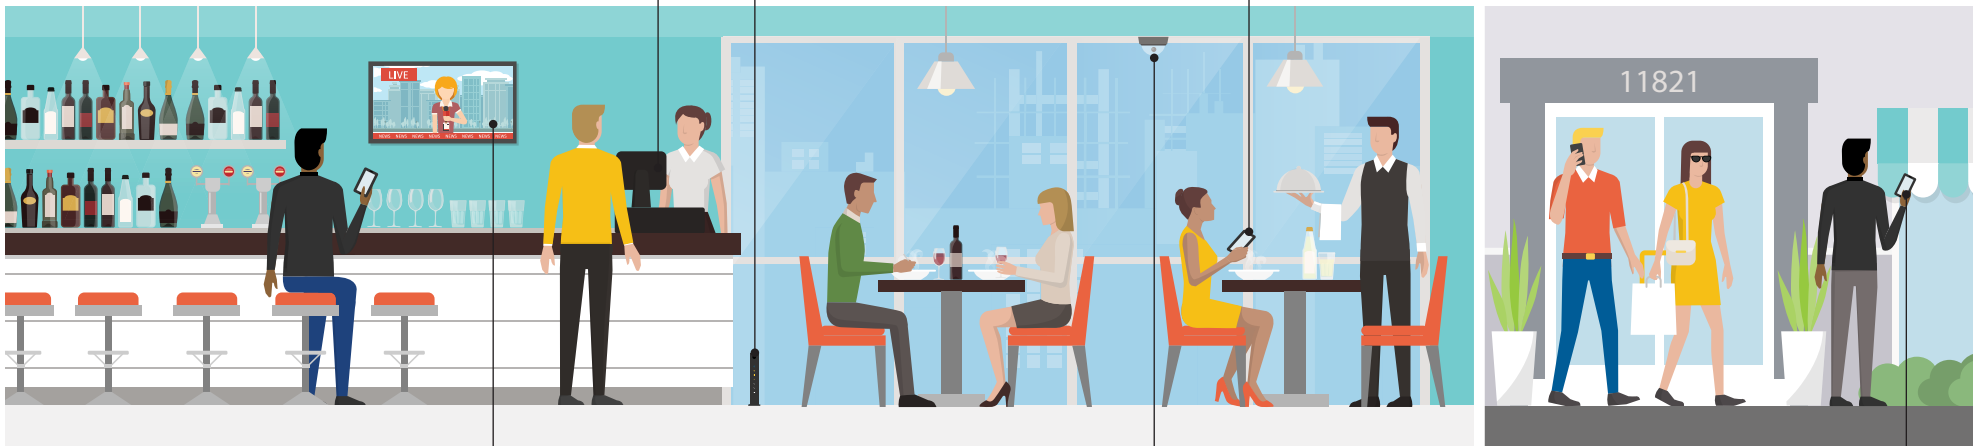

Get fast, secure and reliable internet access for powering your point-of-sale systems and managing your inventory in real-time. Run an appealing website for online ordering and reservation management, with enough bandwidth to provide WiFi to your patrons and keep operations running smoothly.

Stay Connected with Connection Pro

Never miss a payment due to an outage. Keep your POS system running in the event of a power outage or unforeseen circumstances with automatic 4G LTE wireless backup.

Keep Patrons and Employees Connected with WiFi Pro

Promote daily food and drink specials via a customizable splash page. Allow customers to check-in on their social media and share their experience with friends. Separate public and private networks allow you to provide WiFi to customers, while maintaining internet speeds to run your business.

Create an Exciting Atmosphere with Comcast Business TV

Make your bar or restaurant the place to watch the big game with HD programming and the Sports App for up-to-the-minute information. Let employees focus on serving guests, and not searching for programming, with the easy-to-use X1 for Business Voice Remote.

Ensure Peace of Mind with Comcast Business SmartOffice™

Simultaneously keep an eye on the front- and back-of-the-house at all times, even when you are not at your establishment. Get extra security for your late hours of operations.

Be Anywhere with Comcast Business Voice Solutions

Maintain availability around-the-clock to your staff and vendors with your business number, even when you're away from your establishment. Customizable voicemail allows you to let callers know your hours of operation or info on an upcoming event.
