

# Complete Solutions for Your Fitness Center

COMCAST  
BUSINESS  
BEYOND FAST

You know Comcast Business has faster Internet, but our solutions go beyond fast with so much more. See how our full suite of solutions can make a difference for your fitness center.

## Comcast Business Internet Solutions

deliver unrelenting speed to your fitness center, with automatic 4G LTE backup for complete reliability and advanced WiFi to keep your staff and guests connected.

### Maintain Continuity with Connection Pro

Maintain mission-critical systems and member connections in the event of a power outage or unforeseen circumstances with automatic 4G LTE wireless backup.

### Engage Members with Fast and Reliable Internet on the Gig-Speed Network

Get fast, secure and reliable internet access for managing different class schedules, hosting online classes, and sharing news, updates and hours of operations online. Offer a fully functional website that promotes your services and events and even allows your customers to buy their memberships online.

### Keep Members Connected with WiFi Pro

Separate business and customer WiFi networks allows members to stay connected while they work out, without impacting employee internet speed. Promote upcoming classes, special events or business changes when guests log on to your WiFi. Encourage members to check-in and share their experiences on social media.

### Enhance the Customer Experience with Comcast Business TV

Provide your members with live TV while they work out. Create an exciting atmosphere with commercial-free digital music channels. Easily find the programming your members want with the X1 for Business Voice Remote.

### Ensure Peace of Mind with Comcast Business SmartOffice™

Keep an eye on your valuable equipment, staff and members from anywhere on any device, with an advanced video monitoring solution. Reduce the risk for injury liabilities by monitoring your facility 24/7.

### Be Anywhere with Comcast Business Voice Solutions

Stay connected to members and staff at all times, even on the go, by connecting your business number to your cell phone. Advanced features let you create a customized greeting and easily route incoming calls.
