

Complete Solutions for Your Home Services Business

COMCAST
BUSINESS
BEYOND FAST

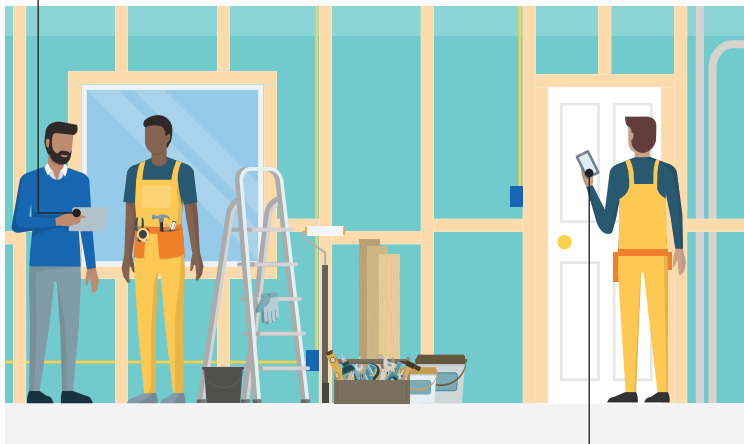

Whether you are a home remodeler with a showroom, or a landscaper with a mobile team, you need the right solutions for your business. Comcast Business has faster Internet, but our solutions go beyond fast with so much more. See how our full suite of solutions can make a difference for you.

Comcast Business Internet Solutions

deliver unrelenting speed to your home services business, with automatic 4G LTE backup for complete reliability and advanced WiFi to keep your staff and customers connected.

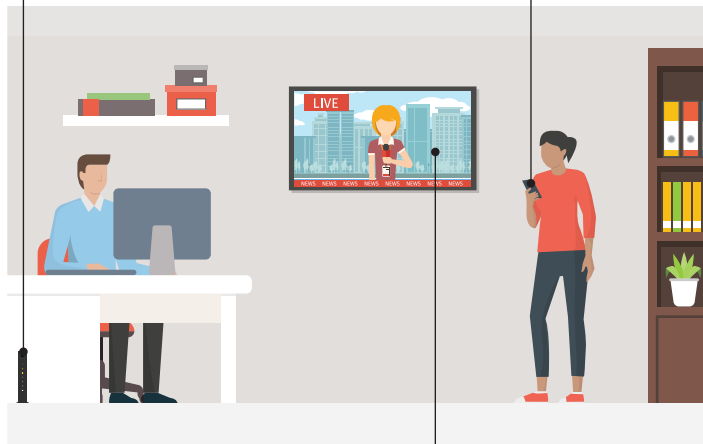

Improve Productivity with Fast and Reliable Internet on the Gig-Speed Network

Get fast, secure and reliable internet access for managing appointments and tracking and ordering inventory. Quickly show drawings and blueprints of your services to a customer. Offer a fully functional website that conveys your services and provides online help.

Maintain Continuity with Connection Pro

Maintain mission-critical systems and client connections in the event of a power outage or unforeseen circumstances with automatic 4G LTE wireless backup.

Keep Your Office Connected with WiFi Pro

Keep employees and visiting customers connected without impacting upload speeds and data security with separate office and visitor WiFi networks. Promote your social media when customers log on to your WiFi and encourage them to share photos of your work there.

Ensure Peace of Mind with Comcast Business SmartOffice™

Keep an eye on your valuable equipment, inventory and office from anywhere on any device, with an advanced video monitoring solution.

Stay in the Know with Comcast Business TV

Stay on top of local weather and news that can affect your daily operations. If you have an office that your customers visit, offer live TV while they wait, on any screen — mobile, tablet or desktop — with Xfinity Stream from Comcast Business.

Be Anywhere with Comcast Business Voice Solutions

Stay connected to customers, vendors and staff wherever your work takes you. Keep a professional appearance while on the go by connecting your business number to your cell phone. Advanced features let you create a customized greeting and easily route incoming calls.
