

# Complete solutions for manufacturers

COMCAST  
BUSINESS

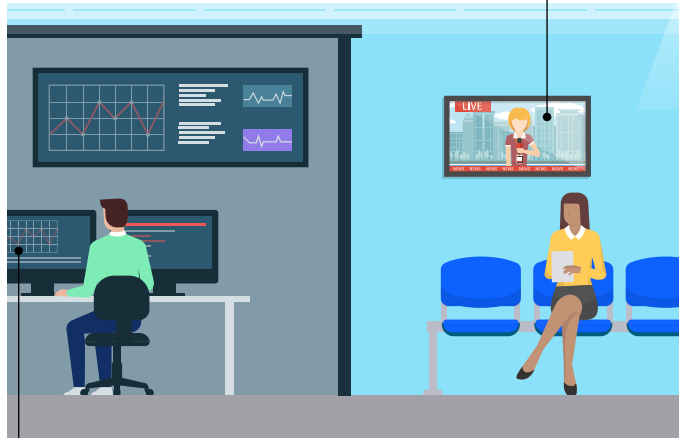

Whether production has just started or you have years of fabrication and assembly under your belt, you know every day is a big day. We'll keep your business ready for what's next.

## Comcast Business. Powering Possibilities™

Get the best future-ready solutions to stay connected — anytime, anywhere.

### Stay informed with Comcast Business TV

Keep up-to-date on breaking news that may affect operations. Keep employees entertained on break. We make all your TVs easy to manage from one location using the X1 Voice Remote App.

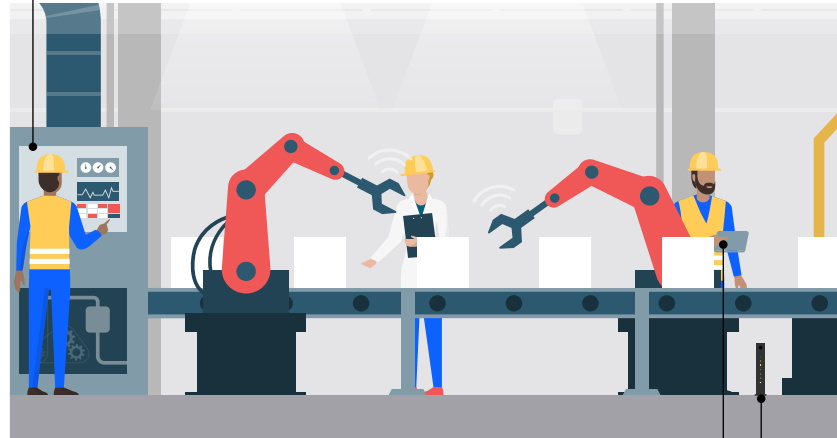

### Support advanced manufacturing with Business Internet

Ensure production, supply chain and back-office systems run simultaneously during busy hours with fast, reliable Internet on the nation's largest Gig-speed network. Connect to devices and machinery through the IoT. Get the bandwidth you need for daily operations.

### Keep equipment and staff connected with WiFi Pro

Provide Internet access to employees and visitors. Connect production equipment, sensors and other devices to the Internet of Things (IoT). Stay connected anywhere on the plant floor with multiple WiFi access points.

### Protect yourself from costly security breaches with Comcast Business SecurityEdge™

Protect your Internet-connected devices from cyberthieves. Block employees from accessing unwanted websites. Our cloud-based security solution scans for new threats every 10 minutes and emails you about suspicious activity.

### Avoid missed calls with Business VoiceEdge

Easily route incoming calls from customers and suppliers. Polish your presence with customizable greetings. Get one-click, instant access to host and join audio conferences. Our cloud-based phone system is mobile and can be managed from anywhere.

### Maintain continuity with Connection Pro

Keep mission-critical systems up and your facility connected to Comcast Business Internet service for up to 8 or 16 hours during an outage with automatic 4G LTE Internet backup.
